

Grading rubric MATH 3363 Group Project

The following grading scheme will be used to grade your project.

Grade	Descriptor
0	No project turned in.
4	Project turned in, but few (or no) details presented. Very sketchy write-up. Poor effort.
5	Good faith effort to complete project, but several parts missing or wrong. Sketchy write-up and proofs either not provided or poorly constructed.
6	Write-up incomplete or several key mistakes. Weak job of answering questions requiring written responses and proofs not well constructed.
7	Project acceptable but flawed. Some written responses incorrect, proofs in need of clarification. Adequate but not thorough or thoughtful responses in answering questions.
8	Good project, but some mistakes and few or no insights or comments. Proof write-ups show good detail with some minor omissions.
9	Project well done, complete and correct with only minor flaws in either the mathematics or the prose. Some insightful comments.
10	Great project. Complete and correct. The write up indicates that the major ideas of the assignment were understood. Proofs are well done.
