Chunking Indicators

INDICATOR	Not Met	Partially Met	Fully Met
PPT for Chunking			
Non-Linear PPT – Slides are linked, allowing the learner to choose the order in which each "chunk" of information is received	0-2	3-4	5
Slides are linked from a main slide. Each link on the main slide takes the learner to a difference group of slides, each of which explains that chosen "chunk" of information	0-6	7-8	9-10
All "chunks" are sub-groups of a larger topic	0-2	3-4	5
Graphics are used appropriately and meaningfully	0-2	3-4	5
Last slide cites TEKS addressed in the activity	0-2	3-4	5
