

SHSU Quality Enhancement Plan (QEP) Ideas

Contribute your idea for the SHSU Quality Enhancement Plan (QEP)

WHAT is a QEP and WHY are you being asked for ideas? Every university must continually work to improve itself in order to meet the changing needs of its students and the changing demands of the world for which it tries to prepare them. The Southern Association of Colleges and Schools (SACS), which accredits this university, defines the QEP as "a carefully designed and focused course of action that addresses a well-defined issue or issues directly related to improving student learning." This is a task that is too important not to be shared, so every member of the SHSU community is being asked to think about and contribute ideas that could be used to develop a meaningful QEP. When you finish entering all the information you can on this form, please click on the "submit" button at the end of the form. If you do not finish and wish to complete the form later, please click on "Save your responses so far" at the end of the form. You will be asked for your email address and you will be asked to create a username and password for your saved answers. An email message will be sent to you with a special link to your unfinished form. Thank you, in advance!
