*EXAMS:* Exams are designed to test your understanding of facts, concepts, and problem-solving methods. They are NOT designed to test your ability to memorize. Your score will depend very little on your ability to memorize and very heavily on your ability to relate a few fundamental concepts and procedures to practical business situations. Your ability to perform well on exams will require a large amount of preparation involving EXTENSIVE individual practice on problems and examples in the text. It is up to YOU to motivate yourself to devote the appropriate amount of time to such practice. There will be four exams. The exams will be multiple-choice type questions. No make-up exams will be given. A grade of zero (0) will be recorded for missed exams except if prior arrangement is made.

*READING:* The nature of the course necessitates that the chapters from the text and other assigned materials be read before coming to class. Discussions will be presented with the assumption that materials have been read and studied by each student. There are topics and terms which are purely descriptive and will be discussed in class only to the extent that the class members have questions.

**HOMWORK:** Although homework will be assigned on a regular basis, and it will be collected for grading. All homework assignments will be discussed in class if students have any doubt or questions. Otherwise, only their solutions will be handed out.

**QUIZZES:** On a regular basis, quiz will be given on any material from the previous class' lecture/homework or on that day's lecture. The quiz format will either be multiple choice or true false type questions.

**ATTENDANCE:** Regular class attendance is necessary in order to do well in the course since quiz will be given on a regular basis. Attendance will also be taken during each class period. Students are expected to attend all class meetings and to take part in class activities and discussions.

**GRADES:** The following make up this class grade.

Exams	400*
Homework (5 x 20)	100
Quizzes (7 x 15)	<u>105</u>
Total	605

The usual 90% or higher is an A, 80%-89.9% is a B, 70%-79.9% is a C, 60%-69.9% is a D, and below 60% is a F.

Note: \*Please note that if you missed an exam, you will get a zero except prior arrangement is made. No exception to this rule. You do not want to miss an exam because the final exam is not only comprehensive, it is also the most difficult exam.
