Class dates: Wednesday

Time: 5:00 – 8:00 p.m.

Course Description

This course will focus on theories, characteristics, and programs for students with mild, moderate, and severe emotional and behavioral disorders. Major elements of causation and etiology of emotional and behavioral disorders will be presented. Issues involving definition, classification/identification, service delivery, and interventions for such disorders as aggression/conduct disorders, ADHD, autism, depression/anxiety, and delinquency will be covered.

Required Readings

Kauffman, J.M. (2005). *Characteristics of emotional and behavioral disorders of children and youth* (8th ed). Upper Saddle River, NJ: Pearson Merrill Prentice Hall.

Course Handouts

Student Absences on Religious Holy Days Policy

Section 51.911(b) of the Texas Education Code requires that an institution of higher education excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence.

University policy 861001 provides the procedures to be followed by the student and instructor.

A student desiring to absent himself/herself from a scheduled class in order to observe (a) religious holy day(s) shall present to each instructor involved a written statement concerning the religious holy day(s). This request must be made in the first fifteen days of the semester or the first seven days of a summer session in which the absence(s) will occur. The instructor will complete a form notifying the student of a reasonable timeframe in which the missed assignments and/or examinations are to be completed.

Accommodations

It is the policy of Sam Houston State University that no otherwise qualified disabled individual shall, solely by reason of his/her handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any academic or Student Life program or activity. Students with a disability may request help with academically related problems

stemming from individual disabilities from their instructors, school/department chair, or by contacting the Chair of the Committee for Continuing Assistance for Disabled Students and Director of the Counseling Center, Lee Drain Annex, or by calling (936) 294-1720.

Students with a disability which affects their academic performance are expected to arrange for a conference with the instructor in order that appropriate strategies can be considered to ensure that participation and achievement opportunities are not impaired. All disclosures of disabilities will be kept strictly confidential. NOTE: accommodations cannot be made until you register with the Counseling Center.

Course Objectives

Course objectives are aligned with state and national standards in the following table. State standards are taken from the State Board for Educator Certification - Twelve Knowledge and Skill Standards - for Special Education and are the basis for the ExCET/TexES Certification Examination (www.sbec.state.tx.us). For National Standards, The Council for Exceptional Children (CEC) provides the following :

“ CEC Knowledge and Skill Base for All Beginning Special Education Teachers of Students in Individualized General Curriculums”(www.cec.sped.org).

Evaluation: Based on 400 point scale

(1) Inquiry Paper (100 points)

- * Choose a relevant issue within the field of emotional and behavioral disorders
- * Get approval from instructor
- * Turn in Draft
- * 6-8 TYPED, DOUBLE SPACED pages; Times New Roman 12-font
- * Plus one additional page for Cover page and one additional page for References
- * Use APA format (Cover page, references & citations within paper)
- * Use at least 7 references (4 must be research articles)
- * **See the scoring rubric provided**

(2) Article Critiques (2 articles @ 50 Points each = 100 points total).

You are required to read and critique two research articles in the area of emotional & behavioral disorders. Read and respond with a two-three page summary. Please follow the format provided. A sample is also attached.

(3) Lead in-class discussion of Case Study (50 points)

Each student will choose a case study from the accompanying Kauffman text. You will develop a one-page handout outlining the issues of the case study and lead a 20-minute discussion based on the questions at the end of the case study. Please make enough handouts for everyone in the class.

(4) Mid-term Exam (100 points) from class notes, handouts, and text content. Exam will be posted on blackboard.

(5) Professional Growth Equal to Two Meetings or One Conference (50): Certificate of attendance at two meetings or conferences *designed for special education* is to be submitted. Membership in Council for Exceptional Children (SCEC Chapter #815) can be substituted for this criterion or attendance at the Student CEC conference on campus Friday, April 13th. Documentation to be turned in on completion.

***** ATTENDANCE IS CRITICAL.**

Two absences (3 clock hours) are allowed by the university. Use the allowed absence for medical, family, and personal needs. There are no excused or unexcused absences in the class. Please be aware that each additional absence constitutes a drop in letter grade. (For example, if a student has an A and three absences, the student will receive a B as the final grade for the class. If a student has a B and three absences, the student will receive a C as the final grade for the class.) Students are expected to be on time and remain for the entire class period. Two tardies and/or early leave from class count as one absence.

If you miss a scheduled class trip to the library it will count as an absence.
