SUPPLEMENTAL MATERIALS:
None required.

COURSE DESCRIPTION:
A thorough study of accounting principles underlying accounting and reporting for business combinations, intercorporate investments, and consolidated financial statements, and in-depth coverage of the consolidation process through extensive use of Microsoft Excel.

COURSE OBJECTIVE:
The objective of this course is to familiarize the student with financial accounting standards and reporting for business combinations and intercorporate investments, and the preparation of consolidated financial statements. Upon completion of this course, students will have learned to:

1. Identify and account for various forms of business combinations such as mergers, consolidations, and controlling interest stock acquisitions.
2. Account for and report intercorporate investments in stock under the appropriate GAAP methods.

3. Use consolidation procedures in the preparation of consolidated financial statements for controlling interest entities.
4. Measure consolidated amounts to be reported in consolidated financial statements.
5. Determine the impact of intercompany transactions related to transfers of noncurrent assets, sales and purchases of inventory, and intercompany debt on the consolidated financial statements.

COURSE EVALUATION PROCESS:

Three exams worth 100 points each will be given during the semester. Course grades will depend upon performance on examinations and will be based on a total available 300 points. The overall grade in the course will be based on the percentage of the total available points earned and attendance including a possible bonus of 2 percentage points (see attendance policy below). The grade achievement levels will be 90%, 80%, 70%, and 60% for A, B, C, and D, respectively. Any score below 60% is an F.

RELIGIOUS HOLY DAYS:

Section 51.911(b) of the Texas Education Code requires that an institution of higher education excuse a student from attending classes or other required activities, including examinations, for the observance of a religious holy day, including travel for that purpose. A student whose absence is excused under this subsection may not be penalized for that absence and shall be allowed to take an examination or complete an assignment from which the student is excused within a reasonable time after the absence. University policy 861001 provides the procedures to be followed by the student and instructor. A student desiring to absent himself/herself from a scheduled class in order to observe (a) religious holy day(s) shall present to each instructor involved a written statement concerning the religious holy day(s). This request must be made in the first fifteen days of the semester or the first seven days of a summer session in which the absence(s) will occur. The instructor will complete a form notifying the student of a reasonable timeframe in which the missed assignments and/or examinations are to be completed

DISABLED STUDENT POLICY:

It is the policy of Sam Houston State University that no otherwise qualified disabled individual shall, solely by reason of his/her handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any academic, Student Life program, or activity. Disabled students may request help with academically related problems stemming from individual disabilities from their instructors, school/department chair, or by contacting the Chair of the Committee for Continuing Assistance for Disabled Students and Director of the Counseling Center, Lee Drain Annex, or by calling (936) 294-1720.

ATTENDANCE POLICY:

Class attendance is a requirement of this course. Regular attendance will indicate the amount of interest and effort a student is willing to exert in learning. It is generally the borderline student for whom absences can be of vital importance. Students whose absences do not exceed 3 classroom hours will receive a bonus of 2 percentage points added to their final course average.
