Candidacy for Accreditation—program not previously accredited that has had one site visit and is being implemented according to the CADE ERAS.

Accredited—program that has had at least one site visit and is in compliance with ERAS.

Description Probationary Accreditation—program fails to comply with ERAS or published policies.

- Accreditation Withdrawn—program fails to comply with ERAS or published policies within a specified time period.
- Approved—program is in compliance with ERAS and has not participated in a site visit for accreditation.
- Probationary Approval—program fails to comply with ERAS or published policies and has not participated in a site visit for accreditation.
- Approval Withdrawn—program fails to comply with ERAS or published policies within a specified time period and has not participated in a site visit for accreditation.

The DPD provides the required dietetics coursework leading to a bachelor's or graduate degree. Graduates of CADE-accredited/approved programs who are verified by the program director may apply for Dietetic Internships to establish eligibility to write the CDR registration examination for dietitians.

For information on a specific program, contact the program director.

The information in this listing, including program details, is intended to be as accurate as possible when posted, but is subject to change without notice. The American Dietetic Association and the Commission on Accreditation for Dietetics Education assume no responsibility for changes or errors in the compilation of this information, and no one accessing and using the information shall have any right of recovery on account of its use.
