

ACE Military Guide Online

For more than a half century, the *Guide to the Evaluation of Educational Experiences in the Armed Services* has been the standard reference work for recognizing learning acquired in the military. Presented here in online format, the *Guide Online* contains ACE recommendations for formal courses and occupations offered by the services as individual exhibits.

New courses and occupations are continually being evaluated by ACE, and these entries are added on a daily basis to the online version. All course and occupation exhibits from the 1954-89 archived edition of the *Guide* also have been integrated into the online version. Thus, the information you view online is up-to-date at all times.

We hope that this edition of the *Guide to the Evaluation of Educational Experiences in the Armed Services* will help all users identify, evaluate, and award college credit for military training.
