About the Program

The pilot program of the Division of Student Services Student Employee Leadership Institute will occur on Sunday, January 22, 2012. The program aims to develop student employees outside of the workplace through engagement in leadership activities and conversations. Students will be challenged to apply their learning to their role as a student employee and to consider the impact of applying leadership principles in their lives. Supervisors will be asked to challenge and support student employees through conversations after the leadership institute.
