### As a student...

You can see the current student organizations and activities, campus events, lectures, trainings, workshops, volunteer opportunities, diversity events, and endless leadership opportunities. As you get involved on campus, by attending events and/or being involved with student organizations, OrgLINK tracks your participation and creates your customized Co-Curricular Transcript.

### As a registered student organization...

OrgLINK enhances tools for your group. You will be better able to manage rosters, have live discussions, gather feedback, share documents, and hold online surveys/elections.
