Special Events

Student Activities provides a wide range of special events, which are described in detail on this site. These events not only give you the opportunity to support your school but also to meet like minded students and enjoy campus life as a whole. Some of our larger university wide events include Welcome Week, Homecoming, Tree of Light and "The Sammys".

The first week of fall we host Welcome Week, which is a week long array of events that familiarizes students with all SHSU has to offer.

In later fall, the university and Student Activities hosts Homecoming with events like the SHSU Homecoming Parade and the Sam Jam carnival. This week ends with a bang with Bearkat Alley tailgate party taking place before the big football game.

In December, we kick off the holiday season by hosting the "Tree of Light", where

the university president lights a giant 38 foot tall tree in Bearkat Plaza to signify the beginning of the holiday season.

In the Spring, students and the university community can enjoy a night at "The Sammys" where various student leaders, student organizations and faculty/staff are honored for their achievements.

As you can see, there are several opportunities to join your peers and showcase your Bearkat pride. So, don't wait! Get involved and get connected...TODAY!
