Program Council

Welcome to PC and Come Meet The Board!

Thanks for visiting Program Council (PC) on the internet; however, we encourage you to visit our office! PC is a student lead organization under the Department of Student Activities. We are the official SHSU programming board that plans and implements activities for the entire student body. We work to engage and connect the student body through the wide range of programs and events that we plan!

Program Council is responsible for providing programs in the areas of entertainment, education, multicultural, academic, spirit and traditions, social. We look to develop the student outside of the classroom by offering the opportunity to become a campus leader and empower the student to contribute to and serve the SHSU campus! Throughout the academic year we work with numerous campus departments and organizations to provide great programs to you--the student body.

EVENT TODAY:

PC is the place for you!

"The measure of a Life is its Service."
