The Bill Blackwood Law Enforcement Management Institute of Texas (LEMIT) was created by the 70th Texas Legislature to develop the administrative, analytical, and executive skills of current and future law enforcement officials at no cost to either the participant or his/her agency. Public administration, management issues, the political, legal, and social environments of policing, and advanced technical issues are studied in detail. It is the largest and most sophisticated statewide preparation program for police management in the United States.
