The request should identify as accurately as possible the specific records the student wishes to inspect and review. The request may identify records according to the types listed in this policy under "Location of Educational Records" or as records under the custodianship of specific University officials identified by title.
- 6.02 If it is mutually convenient, the record custodian will allow the student to inspect the records at once. If the student cannot inspect the records immediately, the official responsible for responding to the request will arrange a time convenient to both the student and the custodian for inspecting the records. In no case will the time designated for inspection be more than 45 days after the request for inspection has been made.
- 6.03 When a record contains personally-identifiable information about more than one student, a student may inspect only that information which relates to him/her.
- 6.04 Sam Houston State University reserves the right to refuse to permit a student to inspect and review the following educational records:

- 8.04 The Registrar will notify the appropriate custodians of educational records of a student's refusal to permit the University to designate an item of information as directory information to be released. The custodians will mark their records accordingly. 11. PROCEDURES TO SEEK CORRECT EDUCATIONAL RECORDS

11.01 Request for Correction - The University will permit students to challenge the content of their educational records to ensure that records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of students. (Note: Under the FERPA, the University is permitted to refuse to consider a student's request to change the grade an instructor assigns for a course.)

11.02 For purposes of outlining the procedure to seek to correct educational records, the term "incorrect" will be used to describe a record that is inaccurate, misleading, or in violation of the privacy or other rights of a student. Also, in this section, the term "requester" will be used to describe a student or former student who is asking the University to correct a record.

11.03 If a student or former student discovers an incorrect item in his/her educational record, he/she should informally discuss the problem with the record custodian. If the custodian finds the record is incorrect because of an obvious error, and it is a simple matter to correct it to the satisfaction of the requester, the custodian may make the change.

11.04 If the custodian cannot change the record to the requester's satisfaction or the record does not appear to be obviously incorrect, the custodian will:

- a. Provide the requester a copy of the questioned record at no cost and
 - b. Ask the requester to initiate and provide the custodian a written request for the change.
- 11.05 The written request should at least identify the item the requester believes is incorrect and state whether it:
- a. Is inaccurate and why,
 - b. Is misleading and why, or
 - c. Violates the privacy or other rights of students and why. The requester must date and sign the request.
- 11.06 The record custodian will then amend the educational record of the student or refuse to amend it. The record custodian shall notify the requester of the refusal and advise the requester of the right to a hearing.
- 11.07 The hearing - The hearing will be held within a reasonable period of time and it will be conducted by an impartial University official appointed by the President. The requester may have anyone of his/her choice, including an attorney, at the hearing. If the requester is not satisfied with the result of the hearing, he/she may file a grievance with the Family Policy Compliance Office of the U.S. Department of Education. If the requester does not agree with the University's interpretation of the requester's record, the requester may file his/her own interpretation. The requester's interpretation will be placed with his/her educational record and maintained by the University. The University will provide the interpretation of the student and the interpretation of the University with the educational record of the student.
