Prerequisites.

This course is a continuation of German 141. Students who have not receive a C or higher grade in GER 141 are not allowed to enroll in this course. Those who have not completed German 141 (or an equivalent course) should consult with me individually as soon as possible to determine if they have been placed in the proper class. Students who have completed two or more years of high school German should consider enrolling for a more advanced course. *There is also a lab session required for this course, for which you must register separately.

Description of the Course.

During the semester all aspects of the German language will be taught, to include: listening, speaking, reading and writing. Emphasis will be on practical aspects of language learning and there will be daily oral practice in the classroom. The course also includes discussions of cultural traditions practiced in the German-speaking countries of Europe. (Germany, Austria and Switzerland, et al.).

There are two delivery methods for this course: an on-line BLACKBOARD account for information outside class meetings and an in-class student-centered format. All students will be expected to log in to the blackboard website on a regular basis to obtain class assignments and other information pertinent to the class. Classes will be activity and participation oriented with a minimum of lecture time. Lectures and discussion will be conducted as much as possible in German. Since language is a social skill and activity, participation is expected in every class period. Mistakes are natural and will occur frequently in the beginning. Do not be concerned about saying everything perfectly the first time. Be flexible-- if you get "stuck" and can't remember a word, think of another way to communicate the same idea. Remember: you will be evaluated based on the **effort** you put into the classroom exercises and your attitude, not on whether you get the answers right the first time.

COURSE GOALS and OBJECTIVES

1. To increase **AWARENESS** of and **APPRECIATION** for German language and culture.
2. To acquire and expand your **VOCABULARY** in German, focusing on vocabulary used in commonly encountered social situations in German speaking countries.

4. To exhibit competent use of the **SURVIVAL LANGUAGE SKILLS** needed when visiting or living in a German-speaking country, e.g., give and take directions, arrange and execute transportation, accommodations, meals, shopping, freetime activities, etc.
5. To **LISTEN** to and comprehend standard German spoken at average speed by native speakers by concentrating on known vocabulary and making educated guesses at the rest.
2. To **SPEAK** without notes (or read aloud) standard German with a minimum of pronunciation errors and still be understood by a native speaker.
3. To **READ** and comprehend standard German by concentrating on known vocabulary and cognates. With the assistance of a dictionary, to be able to comprehend a high percentage of standard German.

Further, they shall not be denied the benefits of these programs nor shall they be subjected to discrimination. Students with disabilities that might affect their academic performance are expected to visit with the Office of Services for Students with Disabilities located in the Counseling Center.
