New titles needed or subject area to be enhanced:

- V. Please identify equipment and technological resources required for this course. This section addresses the need for specialized laboratory equipment, computer software or other physical resources not generally available on campus.

After this form has been completed, contact a Bibliographer/Librarian to complete the Library Collection Review (LCR) form. The LCR form should be attached to Form B before the proposal is forwarded to your College Curriculum Committee.

FORM B
—CHECK LIST—

Overall

- The version of Form B currently posted on the Academic Affairs web site under Curriculum Forms is being used.
- Font is Times New Roman, 11 pt, no bold, no “all caps”. The form has been proofed for spelling and grammar errors. Please note that the Form B template does not have grammar and spell check.
- Every question has a response. If there is not an affirmative response, use “N/A,” “No,” or “None” as appropriate.

Part I - V

- I.c. The catalog description is in complete sentences.
 - Course catalog descriptions should be understandable to members outside the discipline. Avoid acronyms, abbreviations and terminology specific to the discipline not usually recognized by the general public. Commonly recognized terminology is acceptable, e.g., NASA, DNA, S Corporation.
 - The catalog description ends with any prerequisites, followed by credits, e.g., Prerequisite IT 161. Credit 3.
 - Use terms such as “basic,” “fundamental,” “introduction,” and “overview” sparingly. Upper division courses should seldom be introductory.
- I.i. If the course is writing enhanced, the course title should include the suffix “w”. Additionally, course requirements listed in the 15 week class schedule should reflect writing assignments.
- I.j. The course prerequisites listed are indeed mandatory. Prerequisites identified in this section are used by the Registrar’s Office for programming in the registration system.
- I.j.iv. Companion courses are taken concurrent to the listed course. This is a rare occurrence. If applicable, the companion course should be listed in the course description.
- II.c. Courses with similar titles or content at SHSU are common. Err in favor of listing courses that potentially could overlap.
- II.d. There is nearly always an impact if a new course is added. Adding a new course generally requires that new faculty be hired or existing teaching assignments be modified. Offer specific explanation of the modification.
- III.b. Note that the form requires both Title and Publisher. Do not omit the publisher.
Offer an explanation if the proposed texts are more than five years old. Check to see if proposed textbooks over two years old are out-of-print.
- IV. The library has been supplied with a copy of this course request.

I certify that the Form B submitted to the University Curriculum Committee has been reviewed and complies with the stipulations on this checklist.
