Member PERSPECTIVE

“ Student affairs expenditures at UB are over \$70 million – spending less than 1% of our budget to determine the value and success of the other 99% is not only smart, it is critical to measure the effectiveness of campus experiences.”

Dennis Black
Vice President, Student Affairs
University at Buffalo

member campuses

StudentVoice is guided by the philosophy that each of the campuses it works with is a member of a special community. All of our member campuses form a kinship of innovators that understand the value of actionable assessment. Each participating campus has embraced technology-driven, high-frequency assessment as an important tool necessary for campus improvement. These campuses lead a growing movement.

The following campuses regularly participate in StudentVoice programs, some on unlimited, multi-year licenses, some on an a la carte basis and some partake in national benchmarking studies.
